

英国の洋上風力産業誘致の進捗状況

Achievements

2016-2021年に英国政府は
190億ポンドを投資

For the period 2016 and 2021 investment in offshore wind in the UK will total nearly GBP 19bn. This investment supports thousands of jobs across the UK in manufacturing, project development, construction and operations.

2016-21

2016

2018

2019

2030

Siemens opens a GBP 310 million wind turbine blade factory that created 1,000 jobs in Hull.

SGRE が Hull に
風車工場を設立
1000人を雇用

MVOW が Wight島に
ブレード工場を設立
1100人を雇用

MHI Vestas expands its wind blade factory at Isle of Wight, set to deliver around 1,100 new jobs and GBP42 million in local economic benefits.

洋上風力の投資額は
26億ポンド

UK exports of offshore wind energy products and services expected to increase fivefold to GBP 2.6 billion.

2020年の追加の動き

- ・GEGがタワーと基礎工場開設を検討
- ・韓国SeAH社が基礎工場開設を発表
- ・GE が工場開設を検討開始

UK exports of offshore wind energy products and services worth GBP 475 million.

洋上風力の投資額は
4.75億ポンド

Clearly, with the right interventions and strategic direction, the supply chain can play its part in reducing costs, while at the same time creating many thousands of jobs in the UK.
